## Summary

Experience:

- Developed a browser extension for efficient link management.
- Created a passenger counter app and an engaging Blackjack game.
- Designed and implemented a stock management system in Python.
- Developed a comprehensive hotel management system with features like billing, booking, reservations, and restaurant per-order functionalities.
- Proficient in executing complex queries and managing databases in MySQL.
- Integrated Python projects with MySQL servers for efficient data handling.
- Worked with Excel for data management and analysis.

Skills:

- Programming Languages: HTML, HTML5, CSS, JavaScript, C, Python.
- Python Libraries: Pandas, Matplotlib, NumPy.
- Database Management: MySQL.
- Data Integration: Python with MySQL and Excel.

Career Highlights:

- Demonstrated versatility in project development spanning web development, app development, game development, and system management.
- Successfully delivered innovative solutions across various domains.
- Proven ability to design and implement features for a range of applications, showcasing adaptability and proficiency.
- In-depth knowledge of MySQL, including complex query execution and database management.
- Experience in connecting Python projects seamlessly with both MySQL and Excel for efficient data handling and analysis.

## Education

### Ganpat University

Bachelor of Technology - BTech, Computer science and engineering with specialization in Big Data Analytics

Jul 2023 - Jun 2027

### Shri Ramkrishna Harikrishna Academy

12th Science-A

## Licenses & Certifications

Learn JavaScript - Scrimba

## **Skills**

C (Programming Language) • NumPy • Matplotlib • Python (Programming Language) • MySQL • JavaScript • Cascading Style Sheets (CSS) • HTML5 • HTML
